PROFESSIONAL PROFILE

Practical and mechanically minded worker based in Brisbane and available immediately for full-time work. Hands-on capability across power and hand tools, mechanical maintenance, welding and fabrication, basic electrical fault finding, pumps, pipework, construction assistance and manual or 4WD driving. Own vehicle, QLD White Card, valid manual driver licence, full Australian work rights and no sponsorship required.

Reliable, comfortable with early starts and physically demanding outdoor work, willing to follow site procedures, learn unfamiliar tasks and obtain job-required tickets, licences and certifications.

PRACTICAL CAPABILITY

- **Power & Hand Tools:** Angle grinders, drills, rotary hammers, cut-off saws, bench drills, workshop machinery and common hand tools.
- **Mechanical Maintenance:** Oil and filter changes, wheels and tyres, batteries, jump-starting, spark plugs, brake pads and basic fault finding.
- **Basic Electrical:** Multimeters, clamp meters, circuit testing and basic electrical troubleshooting.
- **Welding & Fabrication:** Practical Stick/MMA and TIG welding, with cutting, fitting, grinding and basic fabrication.
- **Construction & Property Assistance:** Concrete mixing, drilling, cutting, pipe laying and joining, irrigation, water pumps and basic pipe repairs.
- **Vehicles & Outdoor Work:** Manual cars, utes, vans, SUVs and 4WDs on muddy tracks and unsealed roads; comfortable with physical work and changing outdoor conditions.

SAFETY & TEAMWORK

Blue Sky Rescue Team - Volunteer Rescue Member | 2020-Present

Participated in emergency response during the 2021 Zhengzhou floods. Regular training in emergency response, self-rescue, outdoor safety, teamwork, following procedures and wilderness survival.

WORK EXPERIENCE

E-commerce Operations & Digital Marketing Supervisor | China | 2022-2026

Managed projects from setup through ongoing operations for European and North American markets, demonstrating independent problem-solving, team coordination and English business communication.

EDUCATION

Diploma - High-Speed Railway Engineering Technology | Guangdong Communication Polytechnic | 2019-2022

Training included engineering surveying, CAD, engineering drawings, construction fundamentals, principles of machinery and electrical circuit inspection and troubleshooting.

LICENCES & AVAILABILITY

Own vehicle | QLD White Card held | Valid manual driver licence held | Available immediately for full-time work | Full Australian work rights | No sponsorship required | Comfortable with early starts and physically demanding outdoor work | Willing to work away from home and relocate for the right opportunity | Happy to complete drug and alcohol testing | Willing to learn and obtain job-required tickets, licences and certifications.
